

Bernhard Langer: My autobiography

Bernhard Lange with Stuart Weir

Winner of over 50 golf tournaments worldwide, including the US Masters twice, and 10 times a Ryder Cup player, Langer has been a distinguished ambassador for Christ in the heat of competition. This fast moving auto-bio explains his Christian conversion in 1985 via the US tour Bible Study and occasional reflections on aspects of his faith that

are clear and cringe-free, including mentioning Christ in a speech when he won his second Masters on Easter Day. Delightfully gracious and positive about fellow players, frank about his golfing triumphs and disasters, including career threatening yips (involuntary twitch when putting) that tested his calling. Will delight golf buffs and sports lovers and many will find his clear Christian comment helps them towards faith in Christ.
